Bagmati University

बागमती विश्वविद्यालय

A UNIVERSITY BORN OF VISION

Bagmati University is a public institution established by the Bagmati Provincial Government under the Provincial Higher Education Act, 2078. Committed to academic excellence, the university strives to nurture the inherent talents of its students by providing them with comprehensive and practical knowledge, artistic and professional skills, and a strong foundation in research and innovation-driven education.

With a vision to offer globally competitive higher education, the university integrates cutting-edge technology, fosters interdisciplinary learning, and upholds fundamental human values and ethical principles. By equipping students with the skills and knowledge necessary to address contemporary challenges, Bagmati University aspires to produce competent, dynamic, responsible, and progressive human resources who will make meaningful contributions to national development and global progress.

Our Vision

To serve the Nepalese society by being a global institution of higher education in pursuit of academic excellence, innovation, and nurturing entrepreneurship.

Our Mission

- To accelerate advanced learning, share knowledge, and foster the skills that young men and women need to succeed in their professional and social lives.
- To promote cultural assimilation, enhancing tolerance and integrity through pragmatic, inclusive, and scientific pedagogy.
- To equip students with the skills necessary to be productive and creative members in the global arena.
- To advance scientific research that could meet the community and the global needs by participating in sustainable economic, technical, and human development.

Our Core Values

The University upholds the highest standards of:

- Integrity: Honest and principled conduct in all academic, professional, and personal endeavors
- Transparency: Open, accountable, and responsible governance and operations
- Ethical Conduct: Commitment to moral responsibility in education and research

Academic Programs Offered: *Discover Your Path*

The Faculty of Science and Technology

The Faculty of Science & Technology at Bagmati University is dedicated to producing skilled engineers, health professionals, and technology experts equipped to meet the demands of a rapidly evolving world. Through rigorous academic curricula, hands-on lab training, and research and project-based learning, our faculty prepare students to be innovators and problem-solvers in their fields.

The faculty is presently offering the program:

BIT (Bachelor in Information Technology)

The BIT program equips students with a strong foundation in information technology, software development, networking, and digital systems. Designed to meet the growing demands of the technology-driven world, the program blends theoretical knowledge with hands-on practical training, preparing graduates to become competent IT professionals capable of designing, developing, and managing modern digital solutions. With a curriculum that integrates programming, system analysis, database management, and emerging technologies, BIT graduates are well-positioned to contribute meaningfully to Nepal's rapidly expanding digital economy and the global technology sector.

Eligibility:

The candidate applying for admission to the BIT program must have at least a second division in the 10 + 2, PCL, or an equivalent program, or have received a minimum D+ grade in each of the subjects in grades 11 and 12 with a minimum CGPA of 1.80. Provided that they have appeared in BUCAT.

The faculty is ready to offer the programs:

BE Civil Engineering: Trains students in structural design, infrastructure development, and construction management to build the nation's future.

BE Computer Engineering: Develops expertise in hardware-software integration, systems design, and cutting-edge computing technologies.

BE Environment Engineering & Waste Management: Focuses on sustainable environmental solutions, waste management, and ecological preservation.

BSc Nursing: Prepares compassionate and competent nursing professionals to serve communities with quality healthcare.

B. Pharma (Bachelor in Pharmaceuticals): Provides in-depth knowledge of pharmaceutical sciences, drug development, and healthcare systems.

The Faculty of Management and Law

The Faculty of Management & Law at Bagmati University is committed to developing dynamic business leaders, public administrators, hospitality professionals, and legal practitioners who can navigate the complexities of modern governance, commerce, and justice. Focused on excellence, innovation, and holistic development, this faculty blends rigorous theoretical knowledge with project-based practical learning with real-world exposure. This university prepares ethical, professionally competent, and socially responsible graduates to address the demands of the twenty-first century global community.,

Currently, the faculty under the university is offering the following bachelor's level programs:

1. Bachelor in Business Administration (BBA)

The BBA program offers a comprehensive four-year, eight-semester curriculum of 120 credit hours, blending Allied, Core, Specialized, Practicum, and Seminar courses with an eight-week Experiential Learning internship, while providing specialization tracks in Finance, Accounting, Marketing, Management, and IT & Management Science to prepare students for diverse careers in business administration, management, and entrepreneurship.

Eligibility:

The candidate applying for admission to the BBA program must have at least a second division in the 10+2, PCL, or an equivalent program, a minimum D+ grade in each subject in grades 11 and 12, with a CGPA of 1.8 or higher. Provided that they have appeared in BUCAT.

2. Bachelor in Public Sector Management (BPM)

The BPM program is uniquely designed to prepare future leaders for roles in government, public institutions, and civil service. It equips students with knowledge of public policy, governance, administration, and sustainable development, addressing Nepal's growing need for competent public sector professionals who can drive effective and transparent governance.

Eligibility:

The candidate applying for admission to the BPM program must have at least a second division in the 10+2, PCL, or an equivalent program, a minimum D+ grade in each of the grade 11 and 12 class subjects, with a CGPA of 1.8 or higher. Provided that they have appeared in BUCAT.

3. Bachelor in Hotel Management (BHM)

The BHM program develops skilled hospitality and tourism professionals with expertise in hotel operations, food and beverage management, front office management, tourism planning, and customer service excellence. With a strong emphasis on practical training, the program prepares graduates to thrive in Nepal's rapidly growing hospitality and tourism industry, both nationally and internationally.

Eligibility:

The candidate applying for admission to the BHM program must have at least a second division in the 10+2, PCL, or an equivalent program, a minimum D+ grade in each subject in grades 11 and 12 s with a CGPA of 1.8 or higher. Provided that they have appeared in BUCAT.

4. Bachelor of Arts & Bachelor of Legislative Law (BALLB)

The BALLB is an integrated five-year program that combines a Bachelor of Arts with a Bachelor of Legislative Law. This dual-degree program produces well-rounded legal professionals with a strong grounding in humanities and social sciences, and comprehensive legal knowledge. Graduates are prepared for careers in legal practice, the judiciary, civil service, and policy-making.

Eligibility:

The candidate applying for admission to the BALLB program must have at least a second division in the 10+2, PCL, or an equivalent program, a minimum D+ grade in each subject in grades 11 and 12, with a CGPA of 1.8 or higher. Provided that they have appeared in BUCAT.

5. Legum Baccalaureus (LLB)

The LLB is a professional law degree that equips graduates with in-depth knowledge of constitutional law, civil law, criminal law, corporate law, and international law. The program develops strong advocacy, analytical, and legal reasoning skills, preparing graduates to serve justice as lawyers, legal advisors, judges, and public prosecutors.

Eligibility:

The candidate applying for admission to the LLB program must have completed a Bachelor's degree in any discipline from a recognized university or institution and must have secured at least 40 percent aggregate marks at the Bachelor's level. For applicants from a grading system, a minimum of 1.6 CGPA at the Bachelor's level is required. Provided that they have appeared in BUCAT.

Currently, the faculty is offering the following master's level programs:

1. Master of Risk and Insurance Management (MRIM)

The MRIM is a specialized two-year postgraduate program spanning four semesters with 63 credit hours, delivered at BU School of Management, designed to develop highly skilled professionals in risk assessment, insurance management, and financial strategy. The curriculum covers quantitative methods, insurance economics, actuarial science, Insurtech, strategic management, and data analytics, with students choosing from five specialization tracks, i.e., Life Insurance & Pension Fund, Social Insurance & Social Security, General Insurance, Reinsurance, and Risk Management. The program culminates in a six-month internship and a thesis, ensuring graduates are industry-ready professionals equipped to serve Nepal's growing insurance and financial sector.

Eligibility:

Applicants must have a Bachelor's degree from a recognized university with a minimum CGPA of 2.0 under the semester system or at least 45% marks under the annual system. However, candidates who do not meet the minimum academic requirement may still apply if they possess at least two years of relevant professional experience in banking, finance, insurance, or other related sectors. Provided that they have appeared in BUCAT.

2. Master in Development Management (MDM)

The Master in Development Management (MDM) program prepares skilled professionals to effectively address development challenges, with particular emphasis on Nepal and comparable country contexts. It combines development practices, governance, policy analysis, project management, applied economics, and leadership to prepare graduates to design, implement, and evaluate effective development programs. Emphasizing evidence-based decision-making, research, and practical tools, the program cultivates expertise for promoting inclusive growth, sustainable development, and strengthened governance, enabling graduates to contribute meaningfully to national and local development initiatives.

Eligibility:

Applicants must have a Bachelor's degree from a recognized university with a minimum CGPA of 2.0 under the semester system or at least 45% marks under the annual system, provided they have completed at least one 100-mark paper in Mathematics or Statistics at the higher secondary education level, or at least three credit-hours in Basic Mathematics, Statistics, or Business Mathematics at the undergraduate level. Provided that they have appeared in BUCAT.

The Faculty of Education & Social Sciences

The Faculty of Education & Social Sciences at Bagmati University is dedicated to shaping the next generation of educators and social thinkers who will inspire, guide, and transform communities across Nepal. With a strong emphasis on pedagogy, critical thinking, and social responsibility, this faculty nurtures individuals who are passionate about learning, teaching, and contributing meaningfully to society.

The faculty under the university is offering the following program:

Bachelor in Education (B.Ed.)

The B.Ed. program follows a Core-Specialization Model designed to develop content knowledge, pedagogical skills, and life skills in aspiring teachers, enabling them to contribute both professionally and personally to Nepal's education system. Spanning four years across eight semesters with a total of 144 credit hours, the curriculum is structured around Core Courses, two Specialization Majors, Vocational Life-Skill Courses, and Internship components delivered in each semester. Students choose from five specialization tracks to develop deep subject expertise in English, Mathematics, Nepali, Science, and Social Science.

In addition, students develop practical life skills through Vocational Courses in Cooking & Bakery, Digital Skills for Teachers, Horticulture, and Electronics, making the program uniquely holistic and career-ready.

Eligibility:

The candidate applying for admission to the B.Ed. must have at least a second division in the 10+2, PCL, or an equivalent program, a minimum D+ grade in each subject in grades 11 and 12, with a CGPA of 1.8 or higher. Provided that they have appeared in BUCAT.

Why Bagmati University?

We know, choosing the right university is one of the most important decisions of your life, and Bagmati Province University offers every reason to make it your first choice. As the best university established by the Provincial Government under the Provincial Higher Education Act, 2078, Bagmati University is not just an institution of learning; it is a launchpad for your future.

We don't just give students an education and experiences that set them up for success in a career; we help them succeed in their career, discover a field they are passionate about, and dare to lead it. With 13 diverse programs across 3 faculties and 6 specialized schools, the university offers a wide range of academic pathways in Engineering, Health Sciences, Management, Law, Social Science, and Education, all under one roof.

At Bagmati University, students benefit from:

- **Academic Excellence:** Rigorous and globally competitive curricula designed to build deep knowledge and practical competence.
- **Research & Innovation:** A vibrant research culture that encourages discovery, critical thinking, and innovation.
- **Dynamic Campus Life:** An engaging and inclusive campus environment that nurtures personal growth alongside academic achievement.
- **Student-Centered Learning:** Modern teaching methodologies, digital tools, and a dedicated student portal for a seamless academic experience.
- **Community & Outreach:** Strong partnerships with industries, institutions, and communities to ensure graduates' social responsibilities and professional relevance.
- **Scholarship and Financial Aid**

Bagmati University is committed to advancing learning, sharing knowledge, and fostering the skills that young men and women need to succeed in personal, social, and professional spheres of life, contributing to sustainable economic, technical, and human development in the country and beyond.

"Your Journey to Excellence Begins Here, at Bagmati University."

Kapan Campus, formerly operated by Budhanilkantha Municipality, is a constituent campus of Bagmati University. As a leading higher education institution, the campus offers Bachelor's and Master's degree programs, including B.Ed., BBA, BPM, BIT, BALLB and LLB. All the academic programs follow a semester-based system, except for LLB, and Kapan Campus is committed to producing skilled, dynamic, and competent graduates. The campus frequently offers seminars, workshops, training sessions, field visits, project works, and fieldwork as part of the teaching-learning process.

The motto of Kapan Campus, 'Prosperous Campus, Happy Students,' has been coupled with dedication and commitment to form a prestigious academic institution in Nepal. The campus is successfully contributing to the social, national, and global obligations. A dedicated team of faculty, administrators, experts, social workers, and local leaders is working hard to provide an innovative platform to all aspiring students who are willing to build their careers with skills, knowledge, and ethical values. By welcoming the youths from different corners of the country, Kapan Campus offers an inclusive learning environment to all in a single best venue. The research-based, practical-learning, technology-friendly classroom is the center of attraction for students. The campus is always willing to assist students in their professional growth through quality education.

Message from Campus Chief

It is a profound honor to welcome prospective scholars to Kapan Campus. As a vital constituent of Bagmati University, we strictly uphold the highest standards of academic excellence.

We foster a culture of integrity, inclusiveness, and social responsibility. This approach naturally maintains the unity in diversity that defines Nepalese society.

Our institution provides a learner-centered environment designed to promote critical thinking. All programs follow a rigorous semester-based system. This structure ensures continuous assessment and steady intellectual growth. We recognize that modern professional roles require far more than theoretical comprehension. Therefore, our curriculum integrates essential vocational training with practical skill development. This synergy thoroughly prepares graduates for immediate success in the national and global market.

Our dedicated faculty members provide the mentorship necessary to guide your academic transformation. Choosing the right educational path is a crucial life milestone. Kapan Campus delivers the exact resources and guidance needed to bring out your best. I formally invite you to join our scholarly community. Pursue your highest ambitions with us to advance your career. Let us work together to build the nation. Thank you.
